MAYUR

Ö C I C H

MAKING EVERYDAY LIFE BETTER !

We are blessed by water everyday, in every facet of life. At Mayur, we realize that our products aren't just decorative pieces to your home. They're the reason, which helps make our everyday lives a little bit better and easier.

Our journey began in 1975, when Mrs. Sumita Gupta's passion for water envisioned the birth of a small enterprise, with big dreams for the future. In 1996, and the vision took yet another big leap, with the arrival of the present CMD Mr. Jaiprakash Gupta. His credo was to create world-class products, reasonably priced and styled to satiate the tastes of people, backed by constant innovation & research to exceed industry standards.

While our products may look good on the outside, what's more important is how they're built on the inside. You can experience the durability, and feel the quality materials with every touch. We've spent time focused on making our products the best in the industry. It's with this dedication to trusted performance that we've built our position.

And our reputation is more than just about the products in the box – it's all about the people behind the products, and our unparalleled service. At Mayur, service goes beyond our best-in-class warranty – it's the experts who listen and provide assistance. No matter what your need, you can count on Mayur to take care of you.

As a path-breaking bath fitting brand, Mayur offers a diverse selection of thoughtfully designed bath products, delivering the best possible combination of meaningful innovation, useful features, and lasting value.

Mayur has continued its proud, inventive track record by introducing a wide range of consumer-preferred, stylish products; making it a leading brand in the minds of consumers...and market share.

Other than a pan India network, we have an international presence in South Asia and Africa.

Which brings us to the question, what exactly sets Mayur apart? From finishes for a lifetime, to faucets that perfectly balance your water pressure, to a 10 year warranty, immaculate customer service, ready availability of spare parts, eco-friendly faucets for water conservation, rich experience in handling mega projects, fruitful association with renowned builders, not to mention, ready approval by all govt. institutions and PSUs.

Indeed, Mayur sets the standard for exceptional beauty and reliable, innovative design. And now, with OCICH technology, the future is brighter and better for all.

Quality to enhance your life

MAYUR is one of the leading idea providers in the bath products sector. A quest for excellence is to thank for the success of the products, as much as the exclusive OCICH engineering.

Yes, quality, creativity and innovation are at the heart of the company's philosophy. This comprises engineers & designers who promote forward thinking on bathrooms and develop qualitative & innovative ideas for even greater bathroom enjoyment, showering comfort and well being for customers all over.

All products have been tested to exacting standards and carry winning hallmarks, are certified and tested to comply with high standards. Over the course of time, we have acquired an unrivaled reputation for trustworthiness. This is built on our quality craftsmanship, our ability to design and manufacture products to the very highest standards and our dedicated customer service. We are ISO: 9001 certified, and possess CE & Green Building certification.

We are the pioneers in certain products :

- S. L. wall mixer bend pipes
- Two way bib cock with single knob with centre off position
- Two way angle cock with single knob with centre-off position
- S. L. wall mixers with attached telephone shower stand
- Single body wall mixer bend pipe with control on top

We are innovators too; a glance below will shed more light on this:

- In house dye making (To give better shape to the design ideas)
- Complete in-house production
- Automatic gravity die-casting with silica- core technology (For defect-less casting with smooth inner surface)
- Latest forged casting for concealed diverters & other parts (To sustain high pressure)
- All internal parts created from solid Brass rods
- Automatic Nickel plant (To enable constant thickness of nickel and chrome, along with sparkling mirror finish)
- Testing & research facility (Every tap is tested before emerging from the factory)
- Strong R&D investment (Almost 6% of revenue)

MAYUR provides you with high-quality, environmentally-friendly designer products. Count on us to deliver true water-based pleasure and enhance your life.

APPROVAL OF PRODUCT

1. MS OTHELLO FAUCETS PVT LTD, NEW DELHI had approached this HQ for introduction of their products 'Mayur' brand - 'Quarter Turn Fittings, Half Turn Fittings, Single Lever Mixers & Fillings, Kitchen Faucets & Hospital Fittings, Push Closing Tapes, Flush Valves, Sensor Tapes & Accessories (Mayur Sinks (Othello) for use in Defence Works
2. CMPT Approval Committee constituted at this HQ in terms of policy letter No 43285CMPT/12 (Des-2) dated 15 Apr 2008 hereby accords approval for use of 'Mayur' brand, above mentioned products in Defence Works for a period of Two years is upto 15 May 2012.
3. Further continuation of the products will be decided thereafter, on the basis of the mandatory field backperformance report submitted by Zonal Chief Engineers. In case any and using the product notices any defect/discrepancy, the same will be reported immediately without waiting for the expiry of the period of Two years.
4. The approval does not absolve the executive/supervisory staff from their responsibility for using correct quality product. It is only after they are satisfied about the quality and the performance, the product will be used. Mandatory checks about the quality will be carried out as laid down and the results of the same submitted.
5. A brief of the product along with a copy of the literature is enclosed. Further specifications/details of the product like drawings, samples etc can be obtained from the manufacturer at the address given below.
